An aerial photograph of a road intersection. A major road, labeled '71' in large black text, runs diagonally from the top left to the bottom right. A smaller road branches off to the right from the main road. Several markers are present: a black dot labeled 'A/A15/3' in the top right; a green dot labeled 'A/A14/6' in the bottom left; a blue hatched square labeled 'A15' on the right side of the road; and two blue circles with crosshairs in the top right and middle right. Green lines connect the green dot to the intersection and to the 'A15' marker. A black circle highlights the intersection point.
